

LUSINE SASHA VOSKANYAN

Associate Professor at the AMI Chair of Microbiology,
Virology, Immunology and Ecology,
Ph.D in Medicine

Education

1997-1998 – Internship

1991-1997 – Armenian Medical Institute, Faculty of General Medicine

Scientific degree

2008 – Ph.D. in Medicine; “Monitoring of immune stamps of enteral and parenteral viral hepatitis in Armenia during the study of the epidemiological patterns of those infections” (ՃԴ.0016- “Epidemiology” and Գ.00.06 – “Virology, Immunology”)

Work experience

2003-present – “Nor Arabkir” Health Center

2002-present – Chair of Microbiology, Virology, Immunology and Ecology

1998-2017 – Laboratory assistant, junior researcher, senior researcher at the Research Institute of Epidemiology, Virology and Medical Parasitology named after A.B. Aleksanyan

Lectures

Bachelor’s degree studies – Immunology, allergology

Master’s degree studies - Immunology, allergology, clinical immunology, polyclinic therapy

Area of expertise

Viral hepatitis, immunological stamps of enteral hepatitis, immunological stamps of parenteral hepatitis, research of epidemiological patterns of viral hepatitis in Armenia

Published scientific articles and manuals

57 articles, 1 educational manual
